Friendly Days...

The first Orange Unifed High School bus held 25 students.

Starting in 1903, the Orange Union High School District voted to issue bonds totaling $5000 for buildings and equipment for the new high school campus, to be located on five acres at the corner of Palm and Glassell. Upon completion, the new building housed up to two hundred and fifty students, and visitors thought it was one of the finest school buildings in the state. When the school opened in September, with eighty-one pupils and four teachers, Helen Billingsley was the only senior in the class of 1904. The following year the graduating class had grown to seven. Growth continued for the next fifty years. Buildings were added to complete the quadrangle on Glassell Street. Graduating classes reflected the expansion of the city. In 1953, with no more room for expansion on the site, Orange High moved to the new campus at Shaffer and Walnut. At the present time, four district high schools accomodate the senior high students of the Orange Unified School District.

The old Plaza pictured here was a familiar site to O.U.H.S. students.

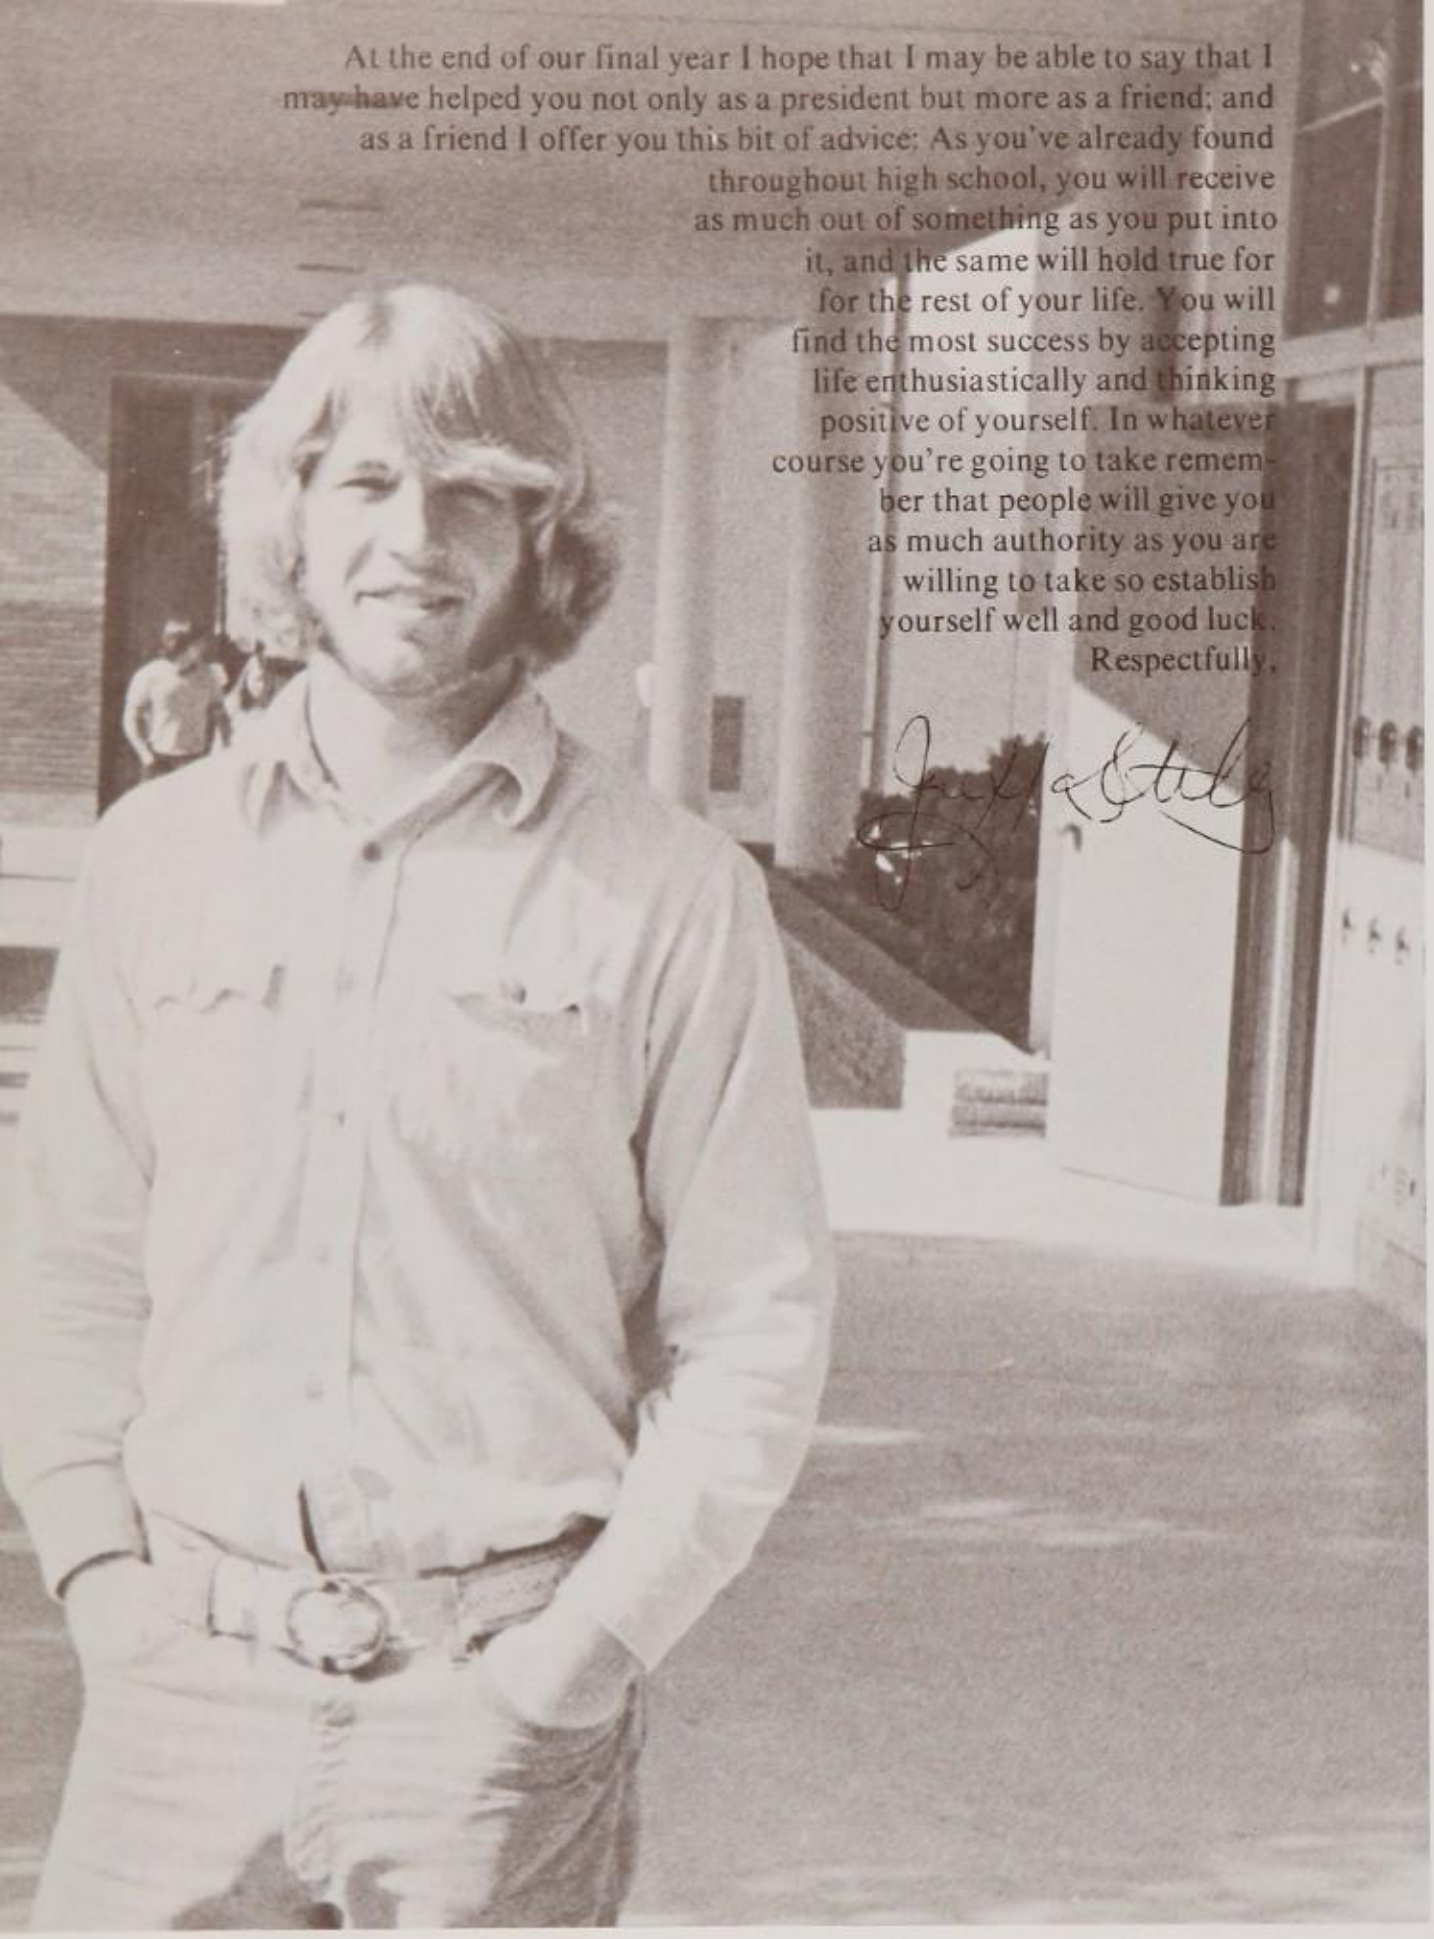
Student Leaders...



At the end of our final year I hope that I may be able to say that I may have helped you not only as a president but more as a friend; and as a friend I offer you this bit of advice: As you've already found throughout high school, you will receive as much out of something as you put into it, and the same will hold true for for the rest of your life. You will find the most success by accepting life enthusiastically and thinking positive of yourself. In whatever course you're going to take remember that people will give you as much authority as you are willing to take so establish yourself well and good luck.

Respectfully,

The Associated Student Body Cabinet of 1975-76 was one of the most successful of Orange High's history. There were several new ideas which were initiated and proved popular. Because of the hard work of the individuals responsible, new projects and activities such as the first annual A.S.B. Haunted House, the Christmas Wassail, and the revival of the lunch concerts; proved to be successful. Another change in the way of Cabinet functioned was the way in which they chose to direct the budget. They directed the majority of the funds back to the A.S.B. in the form of activities. With as much mutual effort as possible they proved '76 to be the best.

Goodbye Seniors

Lynn Michel

We started this year without many activities planned ahead of us. But throughout the year many arose. We set goals for ourselves which at times semmed impossible.

There could not have been a more cooperative steering committee nor more helpful advisors. With their help, this past year has been a great success.

Our time to separate has come. We will look back at all the golden memories we shared at Orange High.

Sincerely,

Albin Mikolajczyk

THE REFLECTOR

Continuing Orange High's tradition of interesting information, the REFLECTOR staff turned out many a notable newspaper. Under the navagation of advisor Shirley Bockleman, first mates Richard Clucas and Laura Wingard steered the crew through the rocky canyons and over the towering summits of the dangerous seas and shoals of reporting and editorializing. The REFLECTOR proved to be a seaworthy craft, but it was the crew that kept it aloft. Through the sandstorms and typhoons of criticism, the courageous team secured their rigging and battened their hatches to weather the torrents.

But for the most part, the waters were calm, the landslides few, and the squalls brief. All in all, conditions were perfect for producing a profound publication. The promise of blue skies tomorrow gives hope for future excellence today.

The Orange and White

The ORANGE AND WHITE Staff this year worked in nondepartmentalized methods; everybody worked on almost every section.

There were some staff members who did organized sections, however. Connie engineered the opening and closing sections, Sue coordinated the great amount of work on senior pictures and comments, a difficult job.

Terri not only did the faculty section, but she also took care of the bookkeeping and paperwork. Colin did football; Bret, the band and baseball; Jeff did the student leaders and basketball. Carol pretty much took care of girls' sports.

Jim and Larry worked on the expanding academic section, and Frank and Butch worked up the track pages. Gary and Bret did cross country. Everyone who could work a camera contributed pictures, but Stan and Bret kept is fairly organized.

Count up the number of juniors and sophomores for some idea of the work that Bryan and John did in the underclassmen section. Much of the art work was done by Bitsy, with help from Alec.

It's an enormous task to publish a book. We hope that you will find it increasingly valuable as years pass.

OHS Joins Bicentennial

Orange High celebrated the nation's 200th birthday with a week of activities including lunch events, an assembly, and a country fair.

The tug of war was one of the most popular events with teams of those students who live on the south side of the school and those who live on the north side.

The last day of Bicentennial week was probably the most entertaining for both students and faculty. The morning assembly started with "The Shaffer Street Youth Chorale". "The Tip Toe Tap Dancers" came next, followed by an old fahioned mellodrama performed by the faculty. The assembly ended with a performance of the Panther band and color guard.

During lunch the A.S.B. sponsored an old time country fair. Featured were art displays, a medicine show, food and drink concessions, and booths where students could participate in games-darts, "tin type" photos, ringtoss, hayrides, and others.

All in all, Bicentennial week was a success because of the cooperation of the students, faculty, and staff.

Lettermen Win Donkey Basketball

Lettermen, and faculty, all dressed in crazy colorful clothes, saddled up their donkeys and got ready for the annual Donkey Basketball game. Excitement, laughter, insanity and victory, best describes the annual game for 1975. The lettermen broke the faculty's four game winning streak with the final score being 34-32.

Spirit Week proved once again to be one of the most involved of the 1975-1976 school year. Monday the Seniors sponsored 50's day, Tuesday the A.S.B. brought us Clash and Backwards Day, Wednesday the Juniors directed the Cowboy and Indian Day, Thursday sponsored by the sophomore (or the Scuds) had appearances by Micky Mouse, Harpo and Groucho Marx, and Count Dracula. Friday, the final day of Spirit Week, stared with Panther Power decorating OHS in the school colors. Then the basketball team sponsored the Pancake Breakfast cooked by chefs Don Salio and Roy Meade.

Dining, live entertainment, and dancing kept the couples busy throughout the evening. Decorations were done in Halloween style with the main colors being orange and black. Vice-Pres. - Debbie Jimenez

Through this year of being Girls League President I have grown to love and share good and bad times with nine girls, my cabinet. At this time I would like to thank them for working and giving of themselves. And of course my advisors for being so helpful and for everyone who came in contact with me during some trying times, especially my parents, for being so understanding. But most of all, I want to thank all of you for making this year succesful, because remember the clubs sponsor the functions, but you who participate add the final touches. You make it what you want it to be, so make it the best. Thanks again to all for making this year 1975-1976 a great success for Girls League.

Bicentennial Seen in Dioramas

This year Orange's U.S. History Department celebrated the country's bicentennial by recreating dioramas of historical moments in American history. Out of some forty-five dioramas, three tied for first place: Sining of the British tax ship Gaspee, the layout of an early California Mission, and the Constitutional Convention in Philadelphia, which were all expertly constructed by OHS students. The three first place winners will be entered in the Orange County Bicentennial Youth Fair at the Anaheim Convention Center in May. The rest of the dioramas are going to be equally divided and distributed among the elementary schools which visited Orange High to view them.

Doug Adair concentrates very deeply while gluing his paper house together.

get down!

The Orange High School Panther Guard Band and Drill Team enjoyed its most successful year since its beginning three years ago. The unit entered its fourth season of field competition and parade contests throughout the school year. The highlight of the field contest season was its first place victory at the Los Altos "Tournament of Bands," after which they were invited back to compete against larger bands. The Panther Guard, in an outstanding performance, placed against bands averaging nearly twice its size.

. . . and all that jazz . . .

In only three years of jazz competition, the Orange High School Jazz Ensemble broke into the ranks of the "heavy band class" in competitions throughout Southern California. This year's band is an aggregation of the best musicians on campus, producing the most well-balanced, professional sounding jazz group to come out of OHS since the jazz program started three years ago. This year marks the first time Beginning Jazz has been offered as a class, in addition to the regular jazz band class.

Home Ec Students Learn Practical Skills

The home economics program is designed to teach basic homemaking principles and to give students practice in using them. The sewing classes begin with basic concepts such as types of materials and methods of sewing, and continue in Advanced Clothing to the construction of a complete wardrobe.

The Cooking Department has three classes, "Beginning Foods", "Advanced Foods" and "Meal Management". These classes teach students how to prepare a complete meal. They also cover all the different categories of foods and their nutritional values.

In the Home and in the Studio Art Is a Personal Thing

The art program at Orange High provides the opportunities for any student to gain experience and satisfaction in art. Some classes cover the basic principles of art and others specialize in fields such as jewelry, ceramics, painting, and commercial art and graphics.

During the Bicentennial Fair many of the student projects were on display and offered for sale in the art booths.

Orange High Gets Oriented -

The King of Siam Has Arrived

As the school's Bicentennial project, several departments at Orange High combined to produce Rogers and Hammerstein's musical, THE KING AND I, based on the novel, ANNA AND THE KING OF SIAM, about a widowed English school teacher who go to Siam in the late 1800's at the request of the King. As part of his dream of modernizing Siam, he hopes to teach his children and wives the values and culture of the western world. The conflict between the ideas that Anna brings and the ancient traditions of the Orient provide the conflict of the story.

With the joint efforts of the drama, music, home economic, construction technology, and art departments, THE KING AND I was one of the largest productions attempted at Orange.

Drama Department Plays Family Entertainment

From the mellodrama of "The Desparate Hours" to the incredible comic situation in "Arsenic and Old Lace," the drama classes portrayed the extreme situations that might occur in somebody's American home.

"The Desparate Hours" concerns a family terrorized by three criminals who hold them for ranson in order to make their escape. The problem of the family's survival is the constant suspense of the drama, until, in the best tradition of the mellodrama, the villians are cornered and shot by the police.

On the other end of the emotional scale, "Arsenic" is full of dingalings - two aunts who "help" old men by poisoning them, one of their nephews who believes he's Teddy Roosevelt building a canal in Panama, another nephew who's a psychotic killer, who, with his sidekick, comes on stage as Boris Karloff and Peter Lorre. The other nephew, Mortimer, is the one sane member of the family.

Mike Million looks on with admiration as Scott Weatherall looks for a m.o.

'75 Season Started With High Hopes

Opening the 1975 football season, the Orange Panthers lost a close game to Magnolia. A 40 yard pass from George Rodriguez in the final seconds of the game would have insured a Panther victory had the receiver not been stopped 1 yard short of the goal line.

In the second game of the season, Orange faced cross town rival, El Modena. Because of errors in the Panther offense, El Modena attained the ball and then scored a quick 13 point lead. The following part of the game turned into a defensive battle until the final seconds when a Panther pass hit its mark for a touchdown. The Panthers lost in spite of this, coming up 7 points short.

In the league opener Orange faced Huntington Beach. The first three quarters of the game were uneventful for both teams. Then in the fourth quarter, Orange scored when quarterback George Rodriguez ran 53 yards in a broken play. The next score was made by Bob Mack who caught a 14 yard touchdown pass. Huntington Beach did score, but in the last 6 seconds John Potter scored on a fake punt to easily beat the Oilers.

Against a tough Kennedy team in the second league game, Orange pushed deep into Irish territory twice in the first quarter but was unable to score. Kennedy came back scoring twice in the first half and twice in the third quarter. Then in the fourth quarter, Orange scored twice but in vain as Kennedy came out on top.

In the Katella game, Orange was first to score when Brett Wilson blocked a punt and recovered it in the end zone for 6 points. The Panthers held the lead until the third quarter when Katella scored on a long drive to tie the game. The Knights scored again in the fourth quarter. Orange followed suit scoring again but was unable to make a two point conversion. The final tally showed Orange barely losing by a narrow 2 point margin.

Homecoming saw Saddleback scoring first but the Panthers came back to score and take 1 point lead at half time. In the third quarter neither team made any gain. In the fourth, the Roadrunners scored again putting them 6 points ahead. Orange was unable to attain the needed touchdown and lost the Homecoming game.

In the Anaheim game, Orange didn't have what it needed. The Panther offense could not get moving and the defense could not hold Anaheim. The

Panther Effort Was Unequal to Hopes

Panthers showed no match for Anaheim. Following the game against the Centinels, six of Orange starters were suspended for drinking.

Speculation ran high during the week regarding the chances of the substitute offense against Cypress. Elected to fill in as tailback, was Jeff Stiles. The Centurions scored first and continued to lead until the third quarter when Jeff Stiles went up the middle to score. Then after another Cypress touchdown, Gary Martinez scored on a fumble, which gave Orange the lead. Cypress scored late in the fourth quarter to retake the lead but the Panthers weren't finished yet. Quarterback Mark Brittain marched the Panthers down the field and passed to Gene Talafus for the winning touchdown with 33 seconds left. Both team and spectators were more excited than at any game in recent memory.

The enthusiasm was quenched quickly the following week. In the final game of the season, Orange played league-leading Foothill. Orange couldn't find what it needed as Foothill scored four touchdowns to easily defeat the Panthers.

Paced by the "Fearless Foursome" of Frank Dauncey, Trent Teegarden, Gene Pinedo, and Jerry Ramirez, cross country has had an outstanding season. The varsity qualified for CIF preliminaries, won a first place trophy at the Mt. Sac Invitational, a second place at the Pacific Invitational, and a second place at the Costa Mesa Invitational. Frank Dauncey, number one man and Outstanding Distance Runner, showed his winning form in a number of tough races. He took six first place ribbons in Empire League competition and placed second in all his invitationals except one.

Sophomores and J.V.'s also produced an outstanding season. Winning sophomores were Tracy Teegarden, Robert Schrubb, Robert Hernandez, Ray Luna, Rod Verbec, and Chris Dauncey. They ended their season with a seven and one winning record. Junior Varsity ended a good season with a record of six to two, because of the performances of Mark Alderson, Jorge Aquilera, Rich Russell, and Mike Farrel.

Hustlin' Panthers

The basketball year for the Panthers began with speculation. Coach Mason and the team felt they would do well, but no one knew how well. If preseason was any indication, it appeared that the team had a shot at the playoffs. Orange began the year beating a much taller Redlands team in overtime, after which they fell to Troy. Orange then overpowered El Modena, 84-76, which led up to the arch-rival Villa Park game. The Panthers fought the first quarter, tailing by only two, with a score of 18-16. The second quarter proved to be disasterous for the Panthers who scored only six the entire quarter compared to Villa Park's fifteen, and by the half, the Panthers were losing 33-22. Then in the second half Gilbert Ayala and Albert Amling sparked the Panther comeback by scoring a combined twenty points, and Peter Koehnke contributed five points. By the end of regulation time, Orange had tied the game 51-51, leading to the double overtime in which the Panthers eventually fell by three points for a score of 60-57. Orange then played in the Anaheim Convention Center Tourney and the Orange Optimists Tourney where they compiled a 3-3 record with another overtime loss by one point. They ended with an impressive third place in the Optimist Tourney. Orange then began to compile their Empire League record of 6-8 to finish in the upper half of the league, tying with Kennedy for fourth place and an overall record of 11-13.

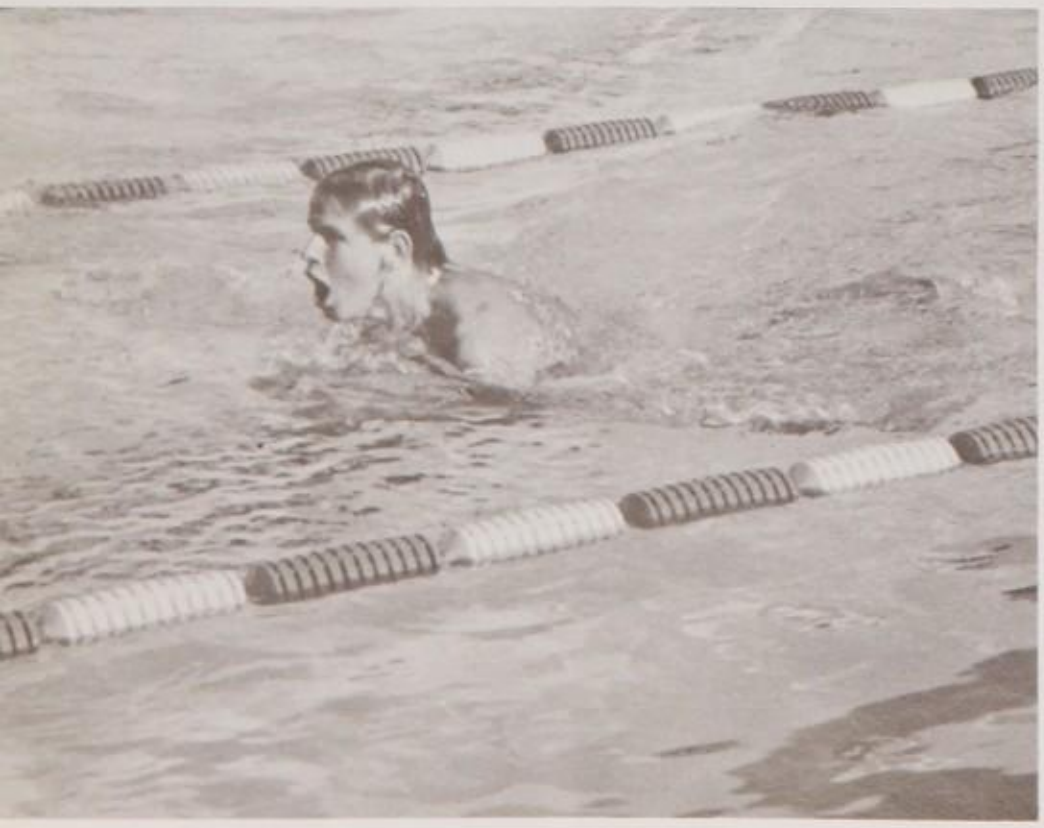
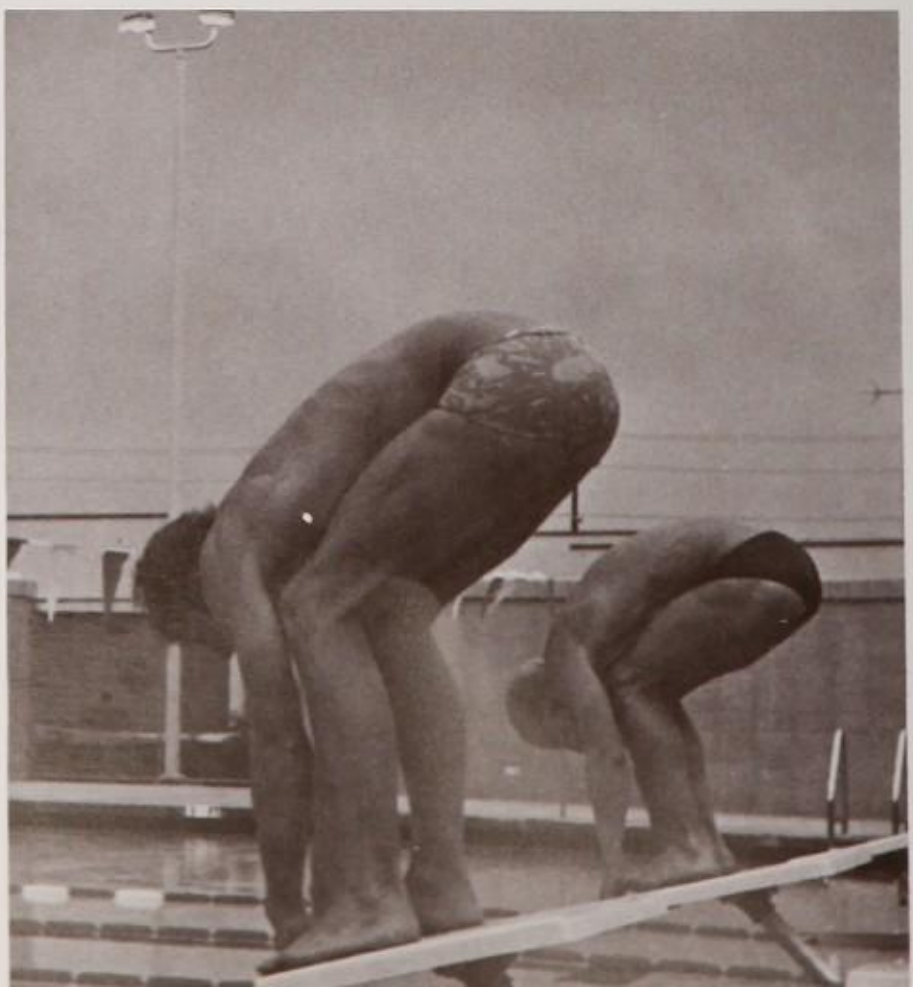
John Meyer gets ready for take off.



Brad Guice goes all out for a first place.



Larry Hutchinson takes a long breath in between strokes.

Lacking depth as well as over-all experience, the 1976 edition of the O.H.S. swim team nevertheless posted some impressive scores such as: Magnolia 77, O.H.S. 92 (high score wins), Saddleback 57, O.H.S. 103, Valencia 36.5, O.H.S. 109. With the bulk of the team consisting of underclassmen, most of the years standouts such as Tim Dauncey, Larry Hutchinson, John Meyer, Jim Lee and sophomores Jack Ryan and John Auer with new coaches Rod Reinl and Charlie Fisher next years team could easily be the best in O.H.S. history.

This years captain was Senior Brad Guice.

stragty with the varsity team.

In spite of his valient efforts, Gunther's "Guppies" did not score well and were left high and dry. It was a tough season against teams such as Huntington Beach, Anaheim, and CIF champion Foothill, which have had years of experience compared to Orange. The varsity team battled teams two or three times its size.

Orange aquanauts will be losing three starting seniors, goalie Mike Rabjohn and field players Brad Guice and Stan Magill. But with six seniors starting prospects, Panther poloists raise their hopes for next year.

Wearing the black caps Orange puts hands up on defence.

Coaches Kevin Chaney and Paul Gerton try to explain to their sophomores what to do in the game during halftime.

Soph Water Polo Wins 2 Out of 12.

Being extremely short of players, the sophomore water polo team had a tough season. There were a few exceptions at times where the sophomores played very valiantly. Of the two games won this season, the first was awarded to the sophomores by a forfeit from Valencia, and the other was an out of season game against Lynwood. Two outstanding players this season were Jon Auer and Stu Boeg, Who are hopefuls for next year's varsity.

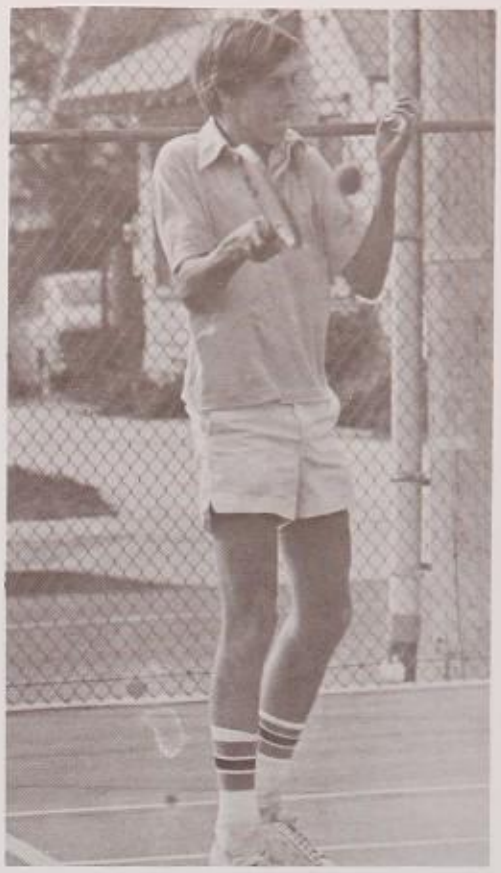
Tennis. . . What a Racquet!

We're not saying this year's tennis team was over enthusiastic but they spent more time in the courts than Patty Hearst and Congressman Hinshaw combined. Under the coaching of Dave Zirkle, the team went on to make Orange very proud of them. Leading varsity luv-ers were Eddie Gomez, Lance Basham and Pete Kereste. But the number one swinger was Tom Ferguson. Tom disproves the wivestale that says you have to be tall to play tennis. (Tom needs a ladder to jump over the net.)

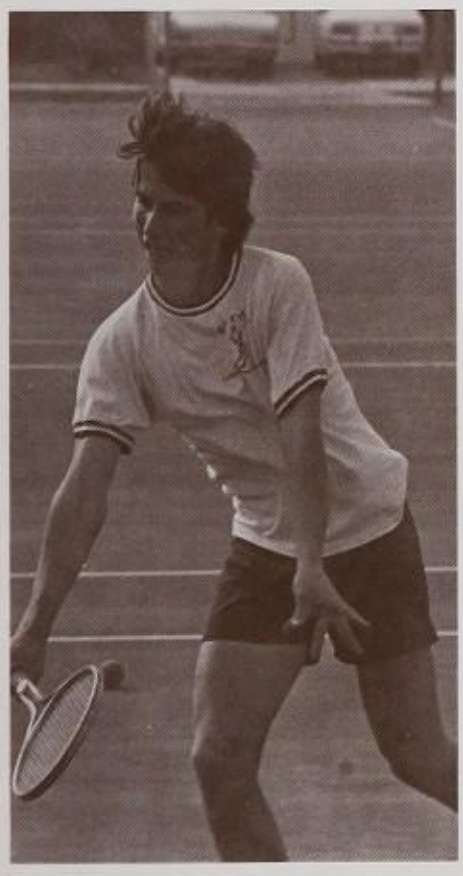
Of the Varsity, all but two are seniors, but there is no need to worry, the Junior Varsity team shows promise of being as good as this year's Varsity team. Noteable J.V. backhanders are Jim Baldwin, Mark Hutchinson and Todd Harris. Along with the sophomore team, next year's team outlook for tennis is excellent.

ROW 1: Lance Bashem, Steve Johnson, Eddie Gomez, Tom Ferguson. ROW 2: Pete Kereste, Martey Stablein, Mike McCoy, Mike Fox, Leonard Bustos.

J.V. Team L TO R; Bill Dornam, Wayne Williams, David Reyes, Jim Baldwin. ROW 2: Gorden Huber, Sam Miles, Mark Hutchinson, Todd Harris, Donald Girskis.



Mike Fox checks his nails during the big game.



Tom Ferguson returns the serve.

Soph. Team: ROW 1: P.Miscouich, W.Spielman, S.Brigandi, B.Miles, B.Segawa, S.Willis, P.Reyez. ROW 2: Coach Zirkle, M.Reyez, C.Miller, T.Shaw, M.Smith, L.Murphy, J.Milne, J.Brunner, R.Walthers.

Baseball. . . Takes a Walk

FROM L TO R ROW 1: M.Schuler, J.Paris, M.Pribble, B.Wilson, M.Dayus ROW 2: M.Buckner, T.Weld, S.Lopes, L.McElwee, T.Carolo ROW 3: Coach Judson, P.McDonald, B.Fitzmaurice, J.Cruikshank.

Paul McDonald's curves were better than Racquel's.

Baseball is alive at Orange! This is the rumor that is quickly spreading around our campus. Of course Coach Hess and Coach Judson started it but that is irrelevant. They back up these acusations with a number of wins over opposing teams. Baseball is one of the few sports that teaches young men different things that they may use later in life. Like for instance how to steal, score, strike out, and a variety of other principles. With 6 returning players the varsity team hopes to improve their record over last years team, which had three players make the all county team.

The Junior team also sports an excellent team coached by Mr. Hess, while the sophomores are led by Coach Prelesnik.

Mike Buckner roamed the outfield as fast as a jaguar.

Lance McElwee shows his outstanding form.

Mark Dayus keeps a close eye on the opponet.

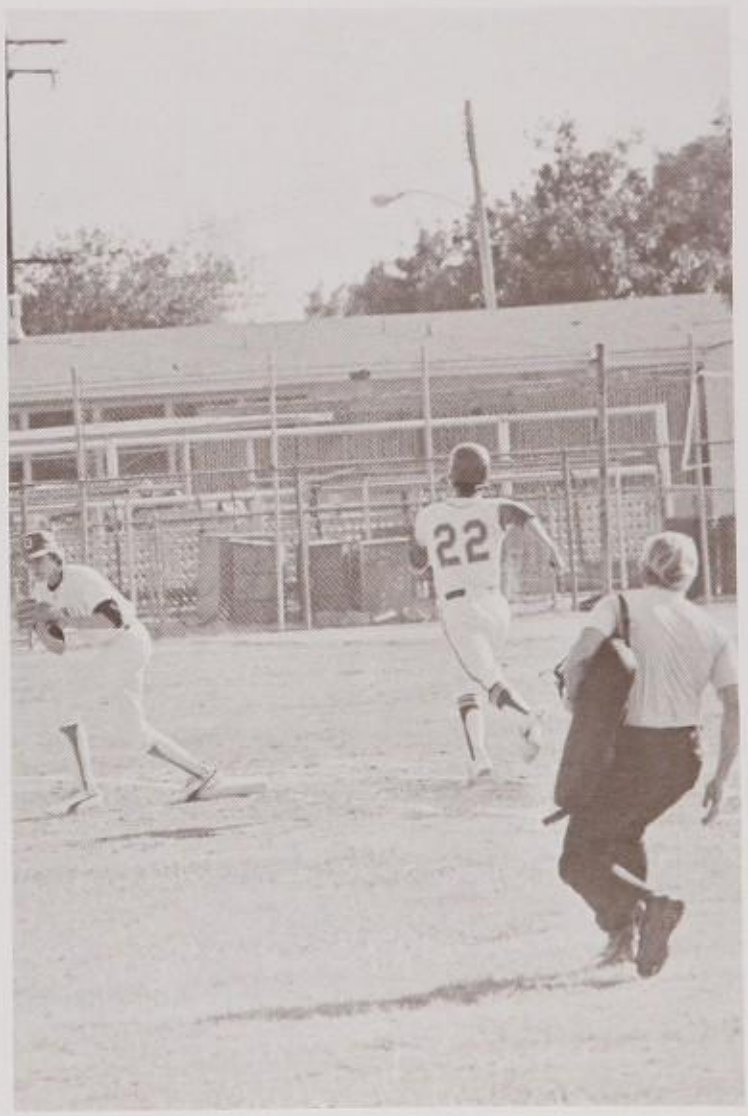
Hart sizzles a fast one.

Coach Prelesnik gives a pep talk.



Orange gets another one.

. . . And Others Find Sports All Over

Sports and other activities outside of school can be as simor involved as a person wishes, from sliding down the hill in an old innertube to jumping off a cliff in an 800 dollar hang glider.

Southern California has a wider variety of activities going on at the same time than any other place in the country. While the skiers are busy in the snow, the surfers ride the waves at the beach two hours away.

Supplementing all the natural locations for sports, facilities such as Disneyland, Anaheim Stadium, and Universal Studios for the movie-struck locals and tourists, satisfy all comers.

Jack Fox, Principal

When I am in a public place, a meeting of community or of parental concerns or in other community gathering where I am identified as the Principal of Orange High, the question is always asked, "What are the students like at Orange?"

It is so pleasant to reflect upon Orange High students. I always say, "They're the warmest, most openly friendly and humanly understanding group of young people I have ever seen." I always invite them to come on campus to see and get to know you.

Carry this feeling with you wherever you go. It will open doors for you. Your warm personal attitude will help others, and you, personally, will make the difference.

Sincerely,

Jack Fox

We'll take the time to listen and help...

At Santa Barbara Savings, we're always glad to see you. Even if you can only stop in for a quick cup of coffee.

We like to know how you're doing and what we can do for you. Like, which of our free services would benefit you most. And which of our high interest savings plans would fit your needs. And of course, the nicest way to get to know each other is over coffee and cookies.

So drop in any time. Since 1887, we've been helping people like you in Orange County.

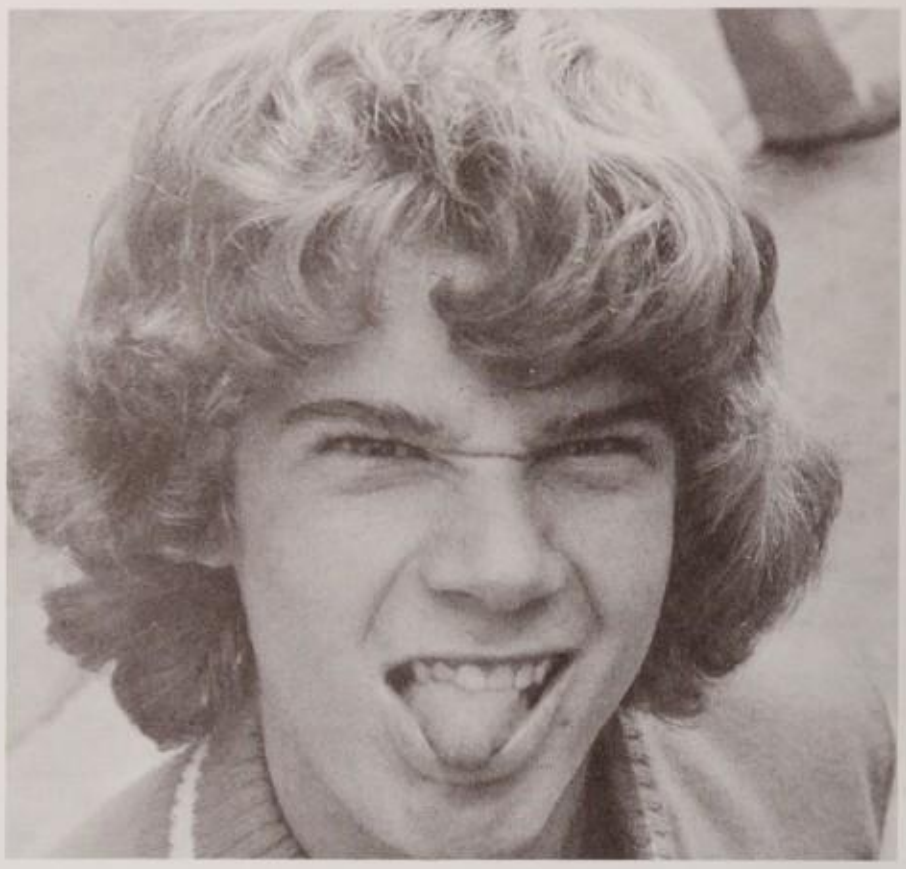
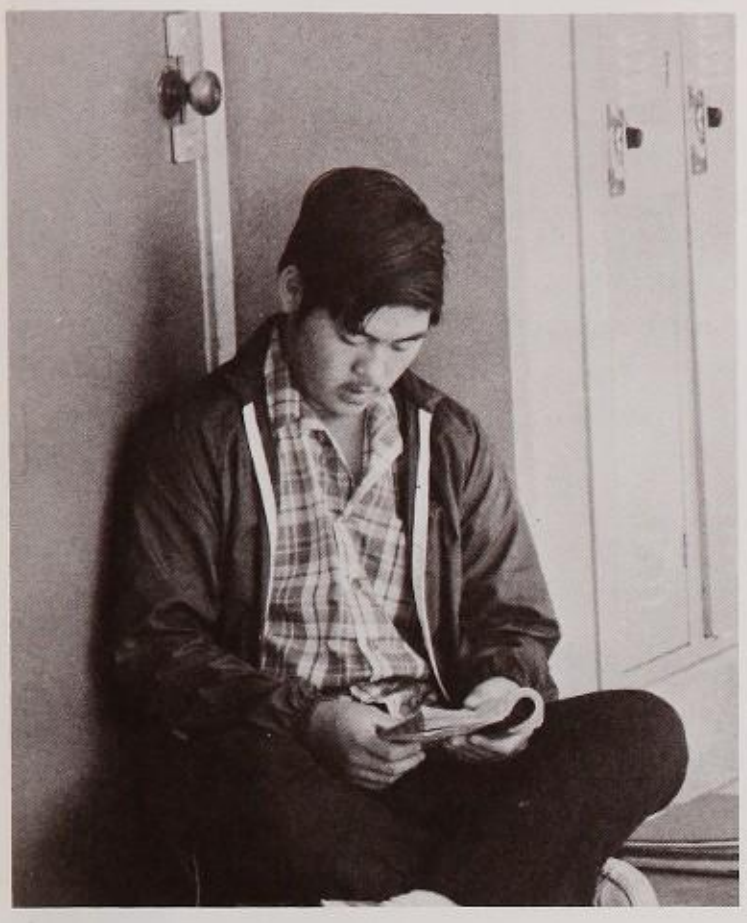
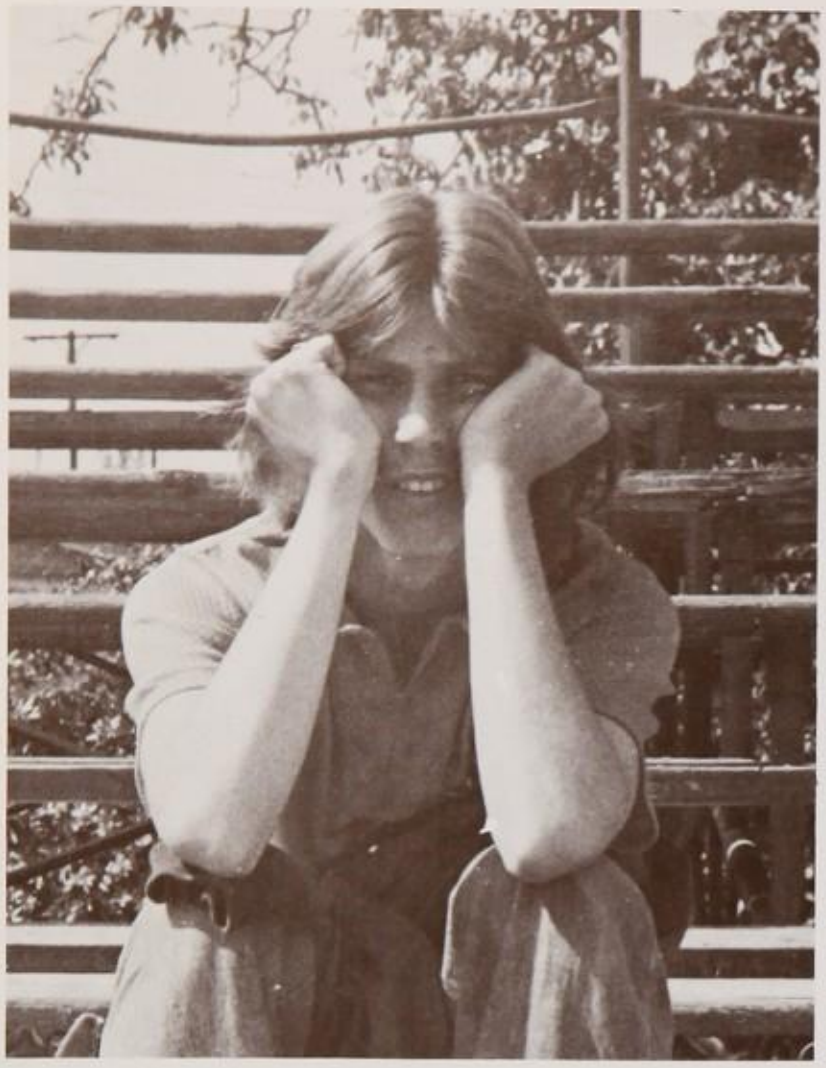
Past Days

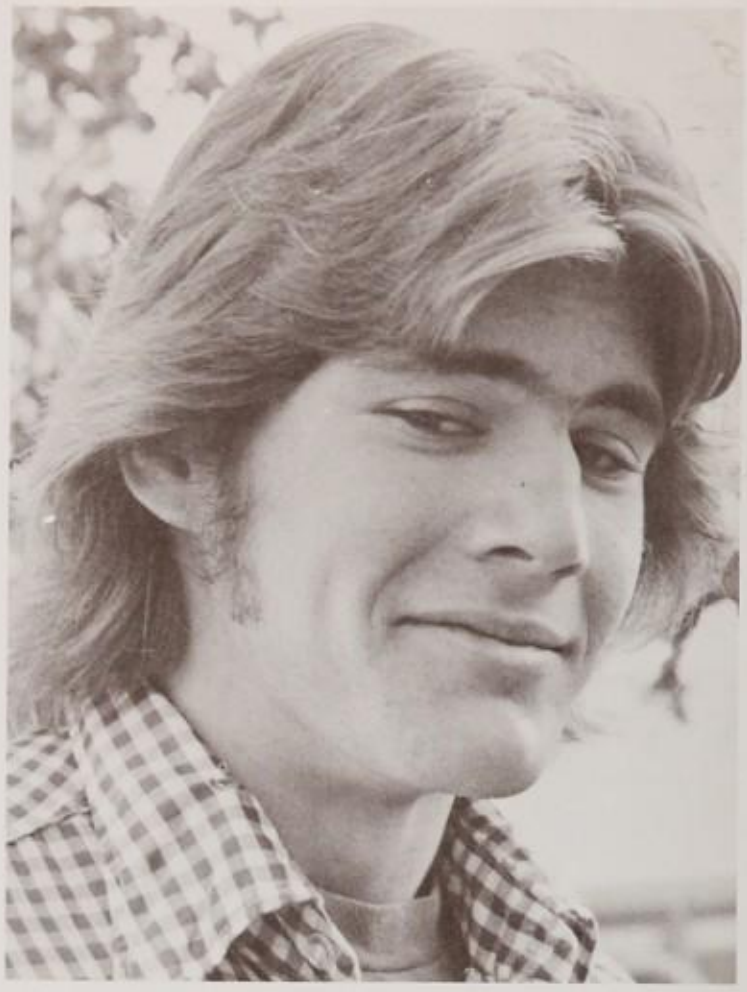
Past Days ... Days gone by ... Looking back at happy & sad memories that are a part of us today ... Showing how they'll always be part of our tomorrows ... Sharing smiles, pictures and good times ... Being there with a friend ... Taking life together ... All of these past days of the "Class of 76" and the years to come...

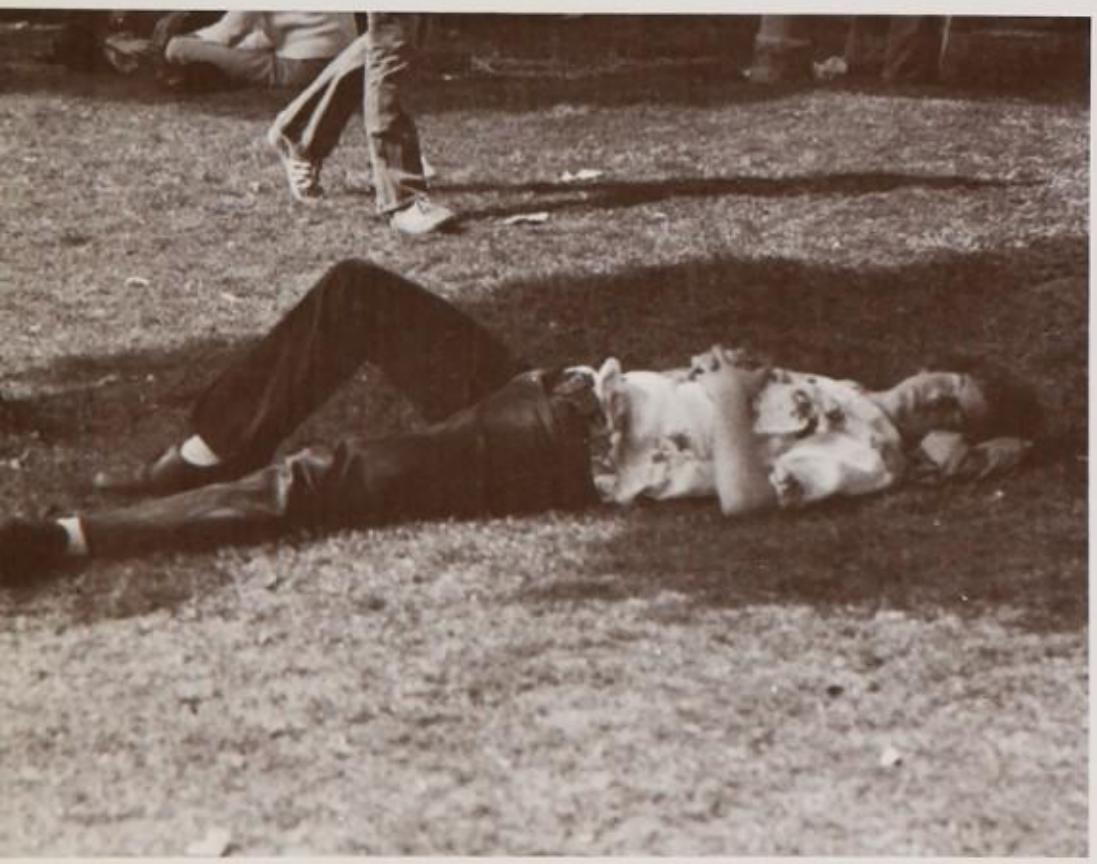




ORANGE







In the music I have heard the composer. In the poem I have encountered the poet. In the painting I have seen the painter. And in the dance I have touched the dancer.

The dance was Terri's comment on living. In it she discovered a way to reach out to each of us.

Not all of us knew Terri well. Yet those of us who saw her soon learned that her eyesight to the world was through the music that became a poem painted in the forms and figures of the ballet. She had become a composer, a poet, and an artist.

We can leave her now, knowing that in the dance, we touched the dancer, the the dancer touched us. That alone makes so many things worthwhile.
